URGENT REQUIREMENT FOR OIL & GAS PROJECT- QATAR

SHORTLISTING IN PROGRESS

MANAGERS - SCAFFOLDING

Job Profile:

- 10-15 years working experience in similar role/field.
- Collaborate with project managers to assess scaffolding requirements, plan the scope of work, and determine the type of scaffolding systems needed.
- Ensure that all scaffolding activities adhere to safety regulations and guidelines, such as OSHA (Occupational Safety and Health Administration) or local safety codes.
- Maintain production processes to ensure efficiency, quality, and safety standards are met.
- Work with engineers and designers to create scaffold designs that meet project-specific needs and safety standards.
- Oversee the procurement of scaffolding materials, equipment, and tools.
- Maintain inventory and ensure that resources are available when needed.
- Regularly inspect scaffolding for defects, wear and tear, and ensure it is well-maintained.
- Perform repairs or arrange for replacement as needed.
- Lead and manage a team of scaffolders, ensuring they have the necessary skills and training to perform their tasks safely and efficiently.
- Problem-solving and decision-making abilities.
- Supervise the installation and assembly of scaffolding structures on construction sites, ensuring stability and safety.
